## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Main Street High School  
Kissimmee, Florida

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Main Street High School f/k/a Mavericks High School (the "School"), a division of New Alternative Education High School of Osceola County, Inc., as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund, as of June 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of Matter

As discussed in Note 1, the financial statements of the School are intended to present the financial position and change in financial position of only that portion of the governmental activities and each major fund of New Alternative Education High School of Osceola County, Inc. that is attributable to the transactions of the School. They do not purport to, and do not, present fairly the financial position of New Alternative Education High School of Osceola County, Inc. as of June 30, 2017 and the changes in its financial position or budgetary comparisons, where applicable, for the year ended June 30, 2017 in conformity with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 6 and budgetary comparison schedules – General Fund and Special Revenue Fund on pages 20 and 21, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 29, 2017, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

KEEFE McCULLOUGH

Fort Lauderdale, Florida  
August 29, 2017

# MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Main Street High School f/k/a/ Mavericks High School of Osceola County's (the "School") financial performance provides an overview of the School's financial activities for the year ended June 30, 2017 and certain comparative information for 2016. Please read it in conjunction with the School's financial statements, which immediately follow this discussion.

### **Financial Highlights**

The following are the highlights of financial activity for the year ended June 30, 2017:

- The School's total assets exceeded its liabilities at June 30, 2017 by \$ 2,037,511 (net position).
- The School's total revenues were \$ 3,440,872, \$ 3,020,341 from FTE revenues, \$ 405,578 from operating, capital grants and contributions, and \$ 14,953 from miscellaneous revenues. The School's expenses for the year were \$ 3,077,596.

### **Overview of The Financial Statements**

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also contains other required supplementary information in addition to the basic financial statements.

**Government-wide financial statements:** The government-wide financial statements, which consist of the following two statements, are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business:

- The statement of net position presents information on all the School's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.
- The statement of activities presents information showing how the School's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by grants and entitlements from the state for full-time equivalent funding. The School does not have any business-type activities. The governmental activities of the School primarily include instruction and instructional support services.

The government-wide financial statements can be found on pages 7 and 8 of this report.

**Fund financial statements:** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School only has one category of funds - governmental funds.

**Main Street High School  
Management's Discussion and Analysis  
June 30, 2017**

---

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the year. Such information may be useful in evaluating the School's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide reconciliations to facilitate this comparison between governmental funds and governmental activities.

The School maintains several individual governmental funds. The General Fund, Special Revenue Fund and Capital Projects Fund are considered to be the School's major funds.

Budgetary comparison statements have been provided for the General Fund and Special Revenue Fund to demonstrate compliance with the budgets.

The governmental funds financial statements can be found on pages 9 through 12 of this report.

**Notes to basic financial statements:** The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 13 through 19 of this report.

**Other information:** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the School's General Fund adopted budget to actual results. Required supplementary information can be found on pages 20 and 21 of this report.

**Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of financial position. The following table reflects the condensed government-wide statements of net position as of June 30, 2017 and 2016:

Main Street High School Statements of Net Position		
	2017	2016
<b>Current Assets</b>	\$ 1,995,281	\$ 1,482,020
<b>Noncurrent Assets</b>	212,448	267,307
Total assets	2,207,729	1,749,327
<b>Liabilities</b>	170,218	75,092
<b>Net Position:</b>		
Net investment in capital assets	180,631	78,435
Unrestricted	1,856,880	1,595,800
Total net position	\$ 2,037,511	\$ 1,674,235

**Main Street High School  
Management's Discussion and Analysis  
June 30, 2017**

---

A portion of the School's net position reflects its investment in capital assets, less any related outstanding debt used to acquire those assets. The School uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the School's investment in its capital assets is reported net of related debt (if any), it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Resources that are subject to external restrictions on how they may be used are classified as restricted assets. As of June 30, 2017, the School had no restricted assets.

As reflected below, the net position is showing an increase of \$ 363,276 for the year ended June 30, 2017 and \$ 161,281 for the year ended June 30, 2016 as summarized in the following table:

Main Street High School  
Statements of Changes in Net Position  
For the Years Ended June 30, 2017 and 2016

	2017	2016
<b>Revenues:</b>		
General revenues	\$ 3,035,294	\$ 3,213,345
Program revenues	405,578	166,428
Total revenues	3,440,872	3,379,773
<b>Expenses:</b>		
Instruction	1,110,271	1,230,882
Instructional support services	1,438,685	1,460,838
Operation of non-instructional services	528,640	526,772
Total expenses	3,077,596	3,218,492
Change in net position	\$ 363,276	\$ 161,281

**Financial Analysis of The School's Funds**

As noted earlier, the School uses fund accounting to maintain control over resources that have been segregated for specific activities or objectives. The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, unreserved fund balance, if any, may serve as a useful measure of the School's net resources available for spending at the end of the fiscal year.

## **Capital Asset and Debt Administration**

### *Capital assets*

The School's investment in capital assets at June 30, 2017 was \$ 180,631 net of accumulated depreciation, compared to \$ 78,435 at June 30, 2016. This investment in capital assets is composed of furniture and computer equipment and leasehold improvements. A more detailed analysis is provided in Note 6 to the financial statements.

### *Long-term debt*

At June 30, 2017, the School did not have any outstanding debt.

## **Economic Factors for 2017-2018**

Total funding for capital outlay is expected to decrease by approximately 33% over the 2016-2017 amount. This loss in guaranteed capital outlay funding will be offset by the state budget increase in Base Student Allocation FFEP of about \$ 100/student. These two funding sources will offset each other, leaving the same revenue overall.

Budgeted FTE's for 2017-2018 are expected to increase approximately 4.0% over the 2016-2017 amount. Total operating expenses are expected to increase approximately 3.0% over 2016-2017.

## **Requests for Information**

This financial report is designed to provide a general overview of Main Street High School's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to EdisonLearning, Inc.; Harborside 5, 185 Hudson Street, Suite 2910, Jersey City, NJ 07311.

**Main Street High School  
Reconciliation of the Balance Sheet - Governmental Funds  
to the Statement of Net Position  
June 30, 2017**

---

**Reconciliation of the Balance Sheet - Governmental  
Funds to the Statement of Net Position:**

Governmental fund balances \$ 1,856,880

Amounts reported for governmental activities in the  
statement of net position are different because:

Capital assets used in governmental  
activities are not financial resources and therefore  
are not reported in the governmental funds.

Cost of capital assets	\$ 577,476	
Accumulated depreciation	<u>(396,845)</u>	<u>180,631</u>

**Net Position of Governmental Activities** \$ 2,037,511

The accompanying notes to financial statements are an integral part of these statements.

**Main Street High School  
Statement of Revenues, Expenditures and  
Changes in Fund Balances - Governmental Funds  
For the Year Ended June 30, 2017**

	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Capital Projects Fund</u>	<u>Total</u>
<b>Revenues:</b>				
Federal sources	\$ -	\$ 146,813	\$ -	\$ 146,813
State sources	3,020,341	-	169,279	3,189,620
Local sources	14,953	-	-	14,953
Contribution	89,486	-	-	89,486
	<u>3,124,780</u>	<u>146,813</u>	<u>169,279</u>	<u>3,440,872</u>
Total revenues				
<b>Expenditures:</b>				
Current:				
Instruction	1,088,808	21,463	-	1,110,271
Instructional support services	314,950	-	-	314,950
Student transportation services	110,859	-	-	110,859
Fiscal services	528,640	-	-	528,640
Plant operations and maintenance	519,621	88,472	169,279	777,372
Administrative services	173,255	-	-	173,255
Capital outlay:

	<u>2,863,700</u>	<u>146,813</u>	<u>169,279</u>	<u>3,179,792</u>
Total expenditures				
Net change in fund balances	261,080	-	-	261,080
<b>Fund Balances, July 1, 2016</b>	<u>1,595,800</u>	<u>-</u>	<u>-</u>	<u>1,595,800</u>
<b>Fund Balances, June 30, 2017</b>	<u>\$ 1,856,880</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,856,880</u>

The accompanying notes to financial statements are an integral part of these statements.

**Main Street High School  
 Reconciliation of the Statement of Revenues, Expenditures and  
 Changes in Fund Balances - Governmental Funds to the Statement of Activities  
 For the Year Ended June 30, 2017**

---

**Net Change in Fund Balances - Governmental Funds** \$ 261,080

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures; in the statement of activities these costs are allocated over their estimated useful lives as a provision for depreciation.

Expenditures for capital assets	\$ 164,445	
Provision for depreciation	<u>(62,249)</u>	<u>102,196</u>

**Change in Net Position on the Statement of Activities** \$ 363,276

The accompanying notes to financial statements are an integral part of these statements.

**Note 1 - Organization and Operations**

Main Street High School f/k/a Mavericks High School (the "School"), is a division of New Alternative Education High School of Osceola County, Inc. (the "Entity"). The School commenced operations in July 2009 and offers classes for high school students in Osceola County, Florida. An average of 481 students were enrolled in classes for the school year ended in June 2017.

The basic financial statements of the School present only the balances, activity and disclosures related to the School. They do not purport to, and do not, present fairly the financial position of New Alternative Education High School of Osceola County, Inc. as of June 30, 2017, and the changes in its financial position or budgetary comparisons, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

**Note 2 - Summary of Significant Accounting Policies**

**Reporting entity:** The School operates under a charter granted by the sponsoring school district, the School Board of Osceola County, Florida (the "School Board"). The current charter is effective until June 30, 2024. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter in which case the School Board is required to notify the School in writing at least ninety days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown.

The School may also be financially accountable if an organization is fiscally dependent on the School regardless of whether the organization has a separately elected governing board, a governing board appointed by another government, or a jointly approved board. In addition, component units can be other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. As a result of evaluating the above criteria, management has determined that no component units exist for which the School is financially accountable which would require inclusion in the School's financial statements.

**Basis of presentation:** Based on the guidance presented in the American Institute of Certified Public Accountants Audit and Accounting Guide – Not-for-Profit Organizations and provisions of Section 228.056(9), Florida Statutes, the School is presented as a governmental organization for financial statement reporting purposes.

**Government-wide statements:** The School's financial statements include both government-wide (reporting the School as a whole) and fund financial statements (reporting the School's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. All of the School's activities are classified as governmental activities.

In the government-wide statement of net position, the governmental activities column is presented on a consolidated basis, if applicable, and is reported on a full accrual, economic resource basis, which recognizes all noncurrent assets and receivables as well as all noncurrent debt and obligations, if any.

The government-wide statement of activities reports both the gross and net cost of each of the School's functions. The net costs, by function, are also supported by general revenues (unrestricted contributions, miscellaneous revenue, etc.). The statement of activities reduces gross expenses (including the provision for depreciation) by related program revenues, contributions, and operating and capital grants. Program revenues must be directly associated with the function.

**Note 2 - Summary of Significant Accounting Policies (continued)**

Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

This government-wide focus is more on the ability to sustain the School as an entity and the change in the School's net position resulting from the current year's activities.

**Fund financial statements:** The accounts of the School are organized on the basis of funds. The operations of the School's only fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures.

The School reports the following major governmental funds:

- **General Fund** – This fund is used to account for all operating activities of the School except for those required to be accounted for in another fund.
- **Special Revenue Fund** – This fund is used to account for federal grants that are legally restricted to expenditures for particular purpose.
- **Capital Projects Fund** – This fund is used to account for state capital outlay funding that is legally restricted to expenditures for particular purposes.

**Net position:** Net position is classified in three categories.

The general meaning of each is as follows:

- Net investment in capital assets - represents the difference between the cost of capital assets, less accumulated depreciation reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets (if any).
- Restricted net position - consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- Unrestricted - indicates that portion of net position that will need to be funded by future operations.

**Fund balance:** The School has implemented the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement provides more clearly defined fund balance classifications to report on the nature and extent to which the school is bound to have constraints on the specific purposes for which amounts in those funds can be spent.

The following classifications describe the relative strength of the spending constraints:

- Nonspendable fund balance – consists of amounts that are not in spendable form and of net position that are legally or contractually required to be maintained intact.

**Note 2 - Summary of Significant Accounting Policies (continued)**

- Restricted fund balance – consists of amounts with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- Committed fund balance – consists of amounts that can be used for specific purposes pursuant to constraints imposed by the government itself, using its highest level of decision making authority.
- Assigned fund balance – consists of amounts that are constrained by the government's intended use of resources but are neither restricted or committed.
- Unassigned – consists of net resources in excess of what can be properly classified in one of the above categories.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, the School considers restricted funds to have been spent first. When expenditures are incurred for which committed, assigned, or unassigned fund balances are available, the School considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds, as needed, unless the School's governing body or its delegated official or body has provided otherwise in its commitment or assignment actions.

**Measurement focus and basis of accounting:** The basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied. Governmental funds use the current financial resources measurement focus and the government-wide statement uses the economic resources measurement focus.

Governmental activity in the government-wide financial statements is presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

The governmental fund financial statements are presented on the modified accrual basis of accounting under which revenue is recognized in the accounting period in which it becomes susceptible to accrual (i.e., when it becomes both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the current period is defined as sixty days.

**Cash and cash equivalents:** The School maintains its cash accounts with three financial institutions. The School's accounts at these institutions, at times, may exceed the federally insured limit. The School has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk.

**Prepaid items:** Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**Note 2 - Summary of Significant Accounting Policies (continued)**

**Due to and due from other funds:** Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. The balances result from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

**Capital assets:** Capital assets purchased or acquired are capitalized at historical cost or estimated historical cost. Capital assets are defined by the School as assets with a cost of \$ 1,000 or more, and a useful life of over one year. Donated capital assets are valued at their estimated fair market value as of the date received. During the year ended June 30, 2017, the School recorded \$ 89,486 in donated leasehold improvements. Additions, improvements, and other expenditures that significantly extend the useful life of an asset are capitalized and depreciated over the remaining useful lives of the related capital assets. Other costs for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the capital assets estimated useful lives as follows:

Furniture and computer equipment	2 - 5 years
Leasehold improvements	5 years

**Compensated absences:** The School's policy allows certain employees to carry over unused vacation time during the year. Unused sick leave benefits are not paid upon separation from service. No liability for compensated absences was recorded for the year ending June 30, 2017.

**Unearned revenue:** Unearned revenue arises when the School receives resources before it has legal claim to them.

**Deferred outflows/inflows of resources:** In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School does not have any items that qualify for reporting in this category.

**Revenue recognition:** Student funding is provided by the State of Florida through the School District of Osceola County, Florida (the "District"). Such funding is recorded as entitlement revenue in the government-wide financial statements and state source revenue in the fund financial statements and is net of a 5% administration fee, for the first 250 students, retained by the District. This funding is received on a pro rata basis over a twelve-month period and is adjusted for changes in full-time equivalent (FTE) student population.

**Note 2 - Summary of Significant Accounting Policies (continued)**

**Grant and contract revenue:** Grant and contract revenue is recognized when the allowable costs as defined by the individual grant or contract are incurred.

**Use of estimates:** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**Date of management review:** Subsequent events were evaluated by management through August 29, 2017, which is the date the financial statements were available for issuance.

**Note 3 - Cash and Cash Equivalents**

At June 30, 2017, the carrying amount of the deposits and cash on hand totaled \$ 1,767,199, with a bank balance of \$ 1,773,065.

State statutes require, and it is the School's policy, that all deposits be made into, and be held by, financial institutions designated by the Treasurer of the State of Florida as "qualified public depositories" as defined by Chapter 280 of the Florida Statutes. This Statute requires that every qualified public depository institution maintain eligible collateral to secure the public entity's funds. The minimum collateral to be pledged by an institution, the collateral eligible for pledge, and the reporting requirements of the qualified public depositor to the Treasurer is defined by statute. Collateral is pooled in a multiple qualified public depository institution pool with the ability to assess members of the pool should need arise. The School's deposits are held in a qualified public depository and are covered by the collateral pool because the School has identified itself as a public entity.

**Note 4 - Budgets**

The School formally adopted budgets for the General, Special Revenue and Capital Projects Fund by function for the year ended June 30, 2017. The budgets have been prepared in accordance with accounting principles generally accepted in the United States of America. A comparison of actual results of operations to the budgeted amounts for the General Fund and Special Revenue Fund are presented as required supplementary information.

**Note 5 – Due from Government Agencies**

Due from government agencies at June 30, 2017 consists of amounts due from the Osceola County Public School District for capital outlay and the Federal Universal Service Fund for E-rate funds.

**Main Street High School**

---

**Note 6 - Capital Assets**

A summary of changes in governmental capital assets is as follows:

	Balance at July 1, <u>2016</u>	<u>Additions</u>	<u>Retirements</u>	Balance at June 30, <u>2017</u>
Capital assets, depreciable:				
Furniture and computer equipment	\$ 388,346	\$ 46,172	\$ -	\$ 434,518
Leasehold improvements	<u>24,685</u>	<u>118,273</u>	<u>-</u>	<u>142,958</u>
 Total capital assets, depreciable	 <u>413,031</u>	 <u>164,445</u>	 <u>-</u>	 <u>577,476</u>
Accumulated depreciation:				
Furniture and computer equipment	328,953	47,916	-	376,869
Leasehold improvements	<u>5,643</u>	<u>14,333</u>	<u>-</u>	<u>19,976</u>
 Total accumulated depreciation	 <u>334,596</u>	 <u>62,249</u>	 <u>-</u>	 <u>396,845</u>
 Net capital assets	 <u>\$ 78,435</u>	 <u>\$ 102,196</u>	 <u>\$ -</u>	 <u>\$ 180,631</u>

The provision for depreciation for the year ended June 30, 2017 amounted to \$ 62,249. The School allocated 77% of the depreciation to instructional support services and 23% to the operation of the facility.

As part of the School’s charter contract, all capital assets purchased with public funds will automatically revert to the District upon the non-renewal or termination of this contract.

**Note 7 - Contingencies and Commitments**

**Grant agreements:** The School received financial assistance from federal and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and may be subject to audit by the grantor agencies. In accordance with Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and the Florida Single Audit Act, the School is not required to conduct “single audits” since the required threshold for both federal awards and state financial assistance is currently \$ 750,000 and the School did not exceed either threshold.

**Lease commitment:** The School entered into an operating lease with Mavericks in Education Florida, LLC, (“Mavericks”), for the rental of its facility with monthly payments of approximately \$ 31,300 through June 30, 2019. Total expense in connection with the facility lease amounted to approximately \$ 375,000 for the year ended June 30, 2017.

**Note 7 - Contingencies and Commitments (continued)**

Future lease payments are approximately as follows:

Year Ending June 30,		
2018	\$	375,000
2019	\$	375,000
Thereafter	\$	NONE

**Management agreement:** The School operated under a management agreement with Mavericks, which is a third party education service provider. The contract provided for assisting the School in the performance of various administrative, operating, and financial duties and providing operating equipment. The management agreement’s term was for five academic school years ending with the 2018-2019 school year. The agreement provided for an additional five year term or such periods that are consistent with the Charter contract term. In exchange for the aforementioned services, the School’s Board agreed on a fee annually contained in their budget. For the year ended June 30, 2017, the amount of compensation paid to Mavericks amounted to \$ 450,000. In addition, during the year ended June 30, 2017, the management agreement was transferred to EdisonLearning, Inc. (“Edison”). All existing terms and conditions remain in effect. At June 30, 2017, the School had an amount due to Edison amounting to \$ 83,167.

**Post-retirement benefits:** The School offers the opportunity to participate in its defined contribution 401(k) plan to eligible employees. The School did not make a contribution to the plan for the year ended June 30, 2017.

**Note 8 - Income Taxes**

The School qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

**Note 9 - Risk Financing**

The School is exposed to various risks of loss related to torts, thefts of, damage to, and destruction of assets and natural disasters. The School has obtained property insurance from commercial companies including, but not limited to, general liability and errors and omissions insurance. There have been no claims in excess of insurance coverage limits during the current year.

## OTHER AUDITOR'S REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER  
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
Main Street High School  
Kissimmee, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Main Street High School f/k/a Mavericks High School (the "School"), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated August 29, 2017.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

## INDEPENDENT AUDITOR'S REPORT TO THE BOARD OF DIRECTORS

To the Board of Directors  
Main Street High School  
Kissimmee, Florida

### Report on the Financial Statements

We have audited the financial statements of Main Street High School f/k/a Mavericks High School (the "School"), a division of New Alternative Education High School of Osceola County, Inc., as of and for the year ended June 30, 2017, and have issued our report thereon dated August 29, 2017.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

### Other Report

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated August 29, 2017, should be considered in conjunction with this management letter.

### Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

### Official Title

Section 10.854(1)(e)5, Rules of the Auditor General, requires the name or official title of the entity. The official title of the entity is Main Street High School.

### Financial Condition

Section 10.854(1)(e)2., Rules of the Auditor General, requires that we report the results of our determination as to whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

**Transparency**

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require that we report the results of our determination as to whether the School maintains on its website the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its website the information specified in Section 1002.33(9)(p), Florida Statutes.

**Other Matters**

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

**Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

KEEFE McCULLOUGH

Fort Lauderdale, Florida  
August 29, 2017
